

NAATI CCL Online Course Info

Better than any CCL class in Australia. Guaranteed!!

While others charge you up to \$800, with us it starts from just \$199

The online course is for Nepali language only. The course is made of three components:

- Weekly online classes
- Self-study materials
- Mock test

1. Online class

We conduct online classes 4 times a week. The class duration is up to 1 hour and it's a group session. This is almost like a traditional classroom teaching with all the students' and the teacher's video on. We practise 1 dialogue and related vocabulary in the class. You'll be able to ask any questions regarding the dialogue or CCL in general too.

Timetable (AEST)

Tuesday, 9:00 am – 10:00 am

Thursday, 8:00 am – 9:00 am

Saturday, 10:00 am – 11:00 am & 8:00 pm – 9:00 pm

If you can't attend the above mentioned class, you can always go back and watch the recorded video of all previous classes.

There is a form which students need to fill before taking the online class. Once the form is submitted, all you need to do is click on a link inside the course next to the class date, and you'll join the online class automatically (no downloading required, free software).

2. Self-study materials

There are 60 dialogues with answers (audio/video) and vocabulary list (pdf/jpg) with more than 2000 words in English-Nepali version. This is called self-study because when you have a dialogue, vocabulary and its answer; you can study by yourself too, hence not requiring you to be with a teacher in a classroom all the time.

In a traditional classroom you have to attend a class to practise a dialogue and know its answer, you cannot afford to miss a class. But the beauty of our online course is that you can study anytime anywhere you are as long as you have an internet access.

3. Mock Test

Mock tests play a crucial role in your CCL preparation journey. There are up to 2 mock tests (1 dialogue each) in the course. Mock tests are also online 1-on-1 and taken by our CCL tutor in real time.

You'll have to email use with your preferred time first. We'll then reply with a time that suits the tutor's availability and does not clash with other students' mock tests. Once the time is confirmed, we will provide you a link to take the mock tests with the tutor.

You'll receive score out of 45 immediately after the mock test, which can be extremely useful to set a strategy for preparation.
